

Out of Bounds

For marking OB in the garden, the surrounding gravel path is safe unless stated otherwise for that particular hole.

All paved surfaces and water are OB.

The 2-metre rule is NOT in effect.

If a disc goes over a fence do not retrieve it! We will get it for you after the round.

Hole 1
- TRIPPLE MANDO - Disc must travel between the two trees, and also under the lower rope supporting the Disc Farm banner.
- If your disc travels beyond the triple-mando without successfully traveling through it, then a one-stroke penalty is applied and you must proceed to the drop-zone that is located at the base of the triple-mando.
- After successfully passing through the triple-mando, if your disc lands on or over the gravel path it is OB. If your disc is on or over the gravel path before the triple-mando then it is considered in bounds.
- OB if right of painted line bordering fairway from Hole 4

Hole 2, Hole 3
- In the garden

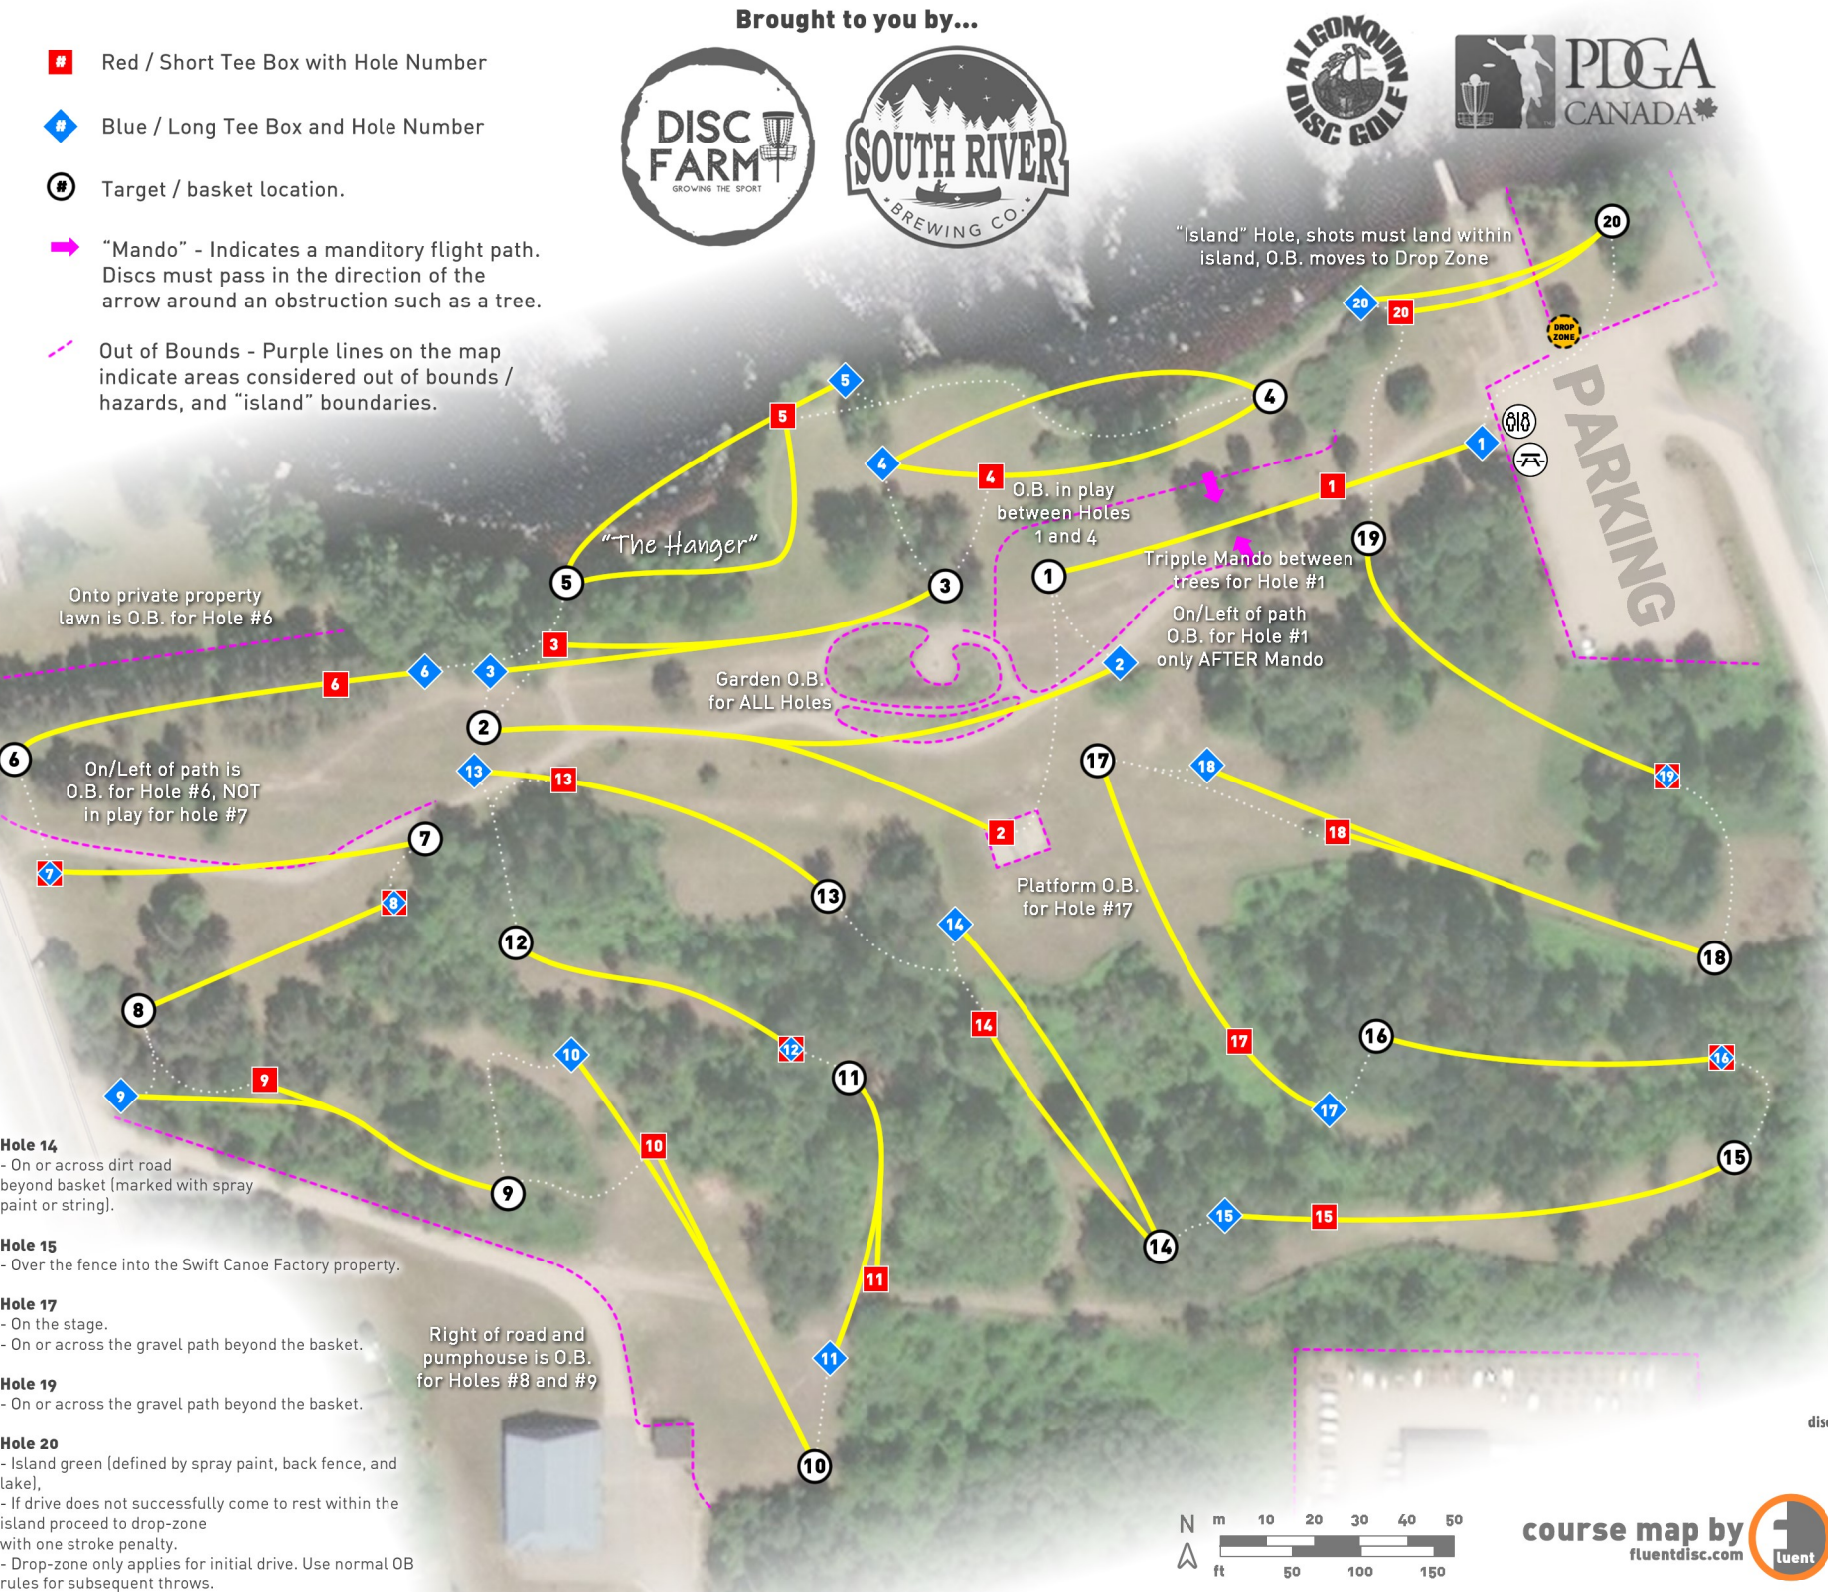

Hole 4
- Right of painted OB line that divides the fairway between Hole 4 and Hole 1.

Hole 6
- On Bob's property to the right (defined by the short cut grass right of the tree line).
- On or across the gravel path to the left.
- Beyond the property line long of the basket (marked with spray paint or string).

Hole 9
- On or across dirt road to the right of the fairway.

Hole 10
- On or across the gravel path to the right (marked with spray paint or string).
- On the roof of the shed.
- Dirt road that goes through the fairway is safe if disc is left of marked spray paint/string.
- The parking lot, as well as the grass that is long and right of the parking lot are both OB.
- Grass to left of parking lot and entire forested area is safe.

Hole 13
- On or across gravel path to the left.
